Linkee (2021–2023)

Certifications

Introduction to Databases - DSY Consulting

Professional Summary

Full-Stack Developer, holding an MSc in Hypermedia Technologies (Paris 8, IDEFI CréaTIC). Proficient across the **entire web development lifecycle**, from building reactive interfaces with React/Next.js to architecting Node.js REST APIs, SQL/NoSQL databases, and Linux environments. **Proven ability to rapidly master specialized tech stacks** and deliver sharp solutions under tight deadlines. Significant **freelance** experience, independently shipping end-to-end web applications. Versatile, detail-oriented, and **immediately operational**.

Work Experience

Full-Stack Developer — Sole Proprietor / Freelance

Self-Employed, Paris Region, France

03/2025 – Present

Technical consolidation, short-term missions, and continuous watch on JavaScript ecosystem

- UI/UX Wireframing & Prototyping** for corporate showcase websites
- Design, maintenance, and enhancement** of React/Node.js projects with full autonomy

Integration Developer Intern — Master 2 Final Internship

BASSETTI, Paris, France

09/2024 – 02/2025

B2B Software Vendor — Industrial Project Management (~200 employees)

- Developed **custom business modules** integrated directly into the client platform
- Carried out **software migration** to new versions while ensuring strict backward compatibility
- Executed unit testing, staging/production debugging, and SVN version control management
- Engineered maintainable, **responsive UI** and dynamic interactive document generation

Independent Web Developer — Freelance Missions

Self-Employed, Paris Region, France

08/2021 – 08/2023

Design and delivery of tailor-made web applications for SMBs and diverse clients

- Built tailor-made **showcase websites and e-commerce platforms** in **PHP/React**
- Designed and optimized **relational databases** (MySQL, PostgreSQL) with complex queries
- Integrated **third-party REST APIs** (payments, maps, CRMs); enhanced security & performance
- Managed end-to-end **client relations**: requirements scoping, deliverables, and timelines

Full-Stack Developer Intern — Master 1 Internship

Beo-France SAS, Taverny, France

02/2021 – 07/2021

IT Hardware Distributor (SMB, ~10 employees)

- Maintained corporate **WordPress** portal (PHP, MySQL) and deployed e-commerce features
- Executed **SEO/SEA/SMO** optimization strategies: achieved **+15% organic traffic growth**

Education

Master of Science (MSc) — Hypermedia Technologies

Université Paris 8, Saint-Denis, France

2023 – 2025

- "Program of Excellence"** IDEFI CréaTIC — IS architecture, DataViz, full-stack, UX, security

Master 1 — IT Project Management

École IRIS, Paris, France

2020 – 2021

- IT project management, Big Data, Java/PHP/Python/SQL — partnerships with SNCF, IBM

Bachelor of Science (BSc) — Computer Science

Université de Lorraine, Metz, France

2015 – 2020

- Algorithms, OOP, C/C++/Java/SQL, computer networks, relational databases, UML modeling

Personal & Academic Projects

- Portfolio** — Dark mode, SEO, animations **TypeScript** **Tailwind CSS** **Shaden UI**
- MBTI App** — Location recommendation engine **React.js** **Node.js** **Express** **REST API** **MySQL**
- Heritage App** — Real-estate mapping tool **React** **Node.js** **SQL**
- PHP Search Indexer** — Custom search engine **PHP** **Bootstrap** **MySQL**
